

Our chemical free odor solution

Eco^z Portable Restroom Deodorizer takes the "stink" out of your tank

Eco^z Portable Restroom Deodorizer helps prevent obnoxious odors from forming in portable restrooms. This remarkable product maintains a healthy environment in holding tanks by naturally digesting the organic waste present.

Eco^z Portable Restroom Deodorizer combines the industries most concentrated enzymes and natural blue dyes with a "stay fresh" fragrance. This special formula enhances solids reduction and eliminates malodors by accelerating the natural remediation process.

Long after all other chemical additives fail, Eco^z Portable Restroom Deodorizer continues to provide lasting odor elimination. It is the effective, chemical-free supplement for your portable restroom system.

- Formaldehyde and chemical free formula naturally emulsifies solids
- Accelerates the breakdown of feces and odor causing contaminants
- Safe, easy to use solution reduces maintenance
- Provides long lasting odor control especially in higher temperatures

Eco^z Portable Restroom Deodorizer

Eco^z

Eco² Portable Restroom
Deodorizer

Usage Recommendations

Application

For average toilet traffic and temperatures:

Mix 2 to 4 ounces of concentrate with five gallons of fresh water; then pour directly into holding tank to treat 20 to 30 gallons of capacity

For extended odor control or extremely high ambient temperatures:

Mix 4 to 8 ounces of concentrate with five gallons of fresh water; then pour directly into holding tank to treat 20 to 30 gallons of capacity

For Optimum Results

- When possible, add product at night or at low usage times.
- Use Eco² Hard Surface to clean and deodorize all surfaces in portable restrooms prior to use.

Technical Specs

pH Range: 3.25–4.20
